

# Meet Your Compliance Training Requirements with Unified Smiles & Compliance Training Partners!

Unified Smiles and Compliance Training Partners have teamed up to proudly offer you access to easy-to-follow virtual compliance training courses to help your practice become or remain up-to-code in key aspects of practice operations! These courses count towards yearly compliance retraining requirements, and can earn you valuable **CE credits!**

## HIPAA Compliance Online Training

In States Where  
Applicable

Assure that your practice is fully immersed when it comes to HIPAA regulations, as to prevent unnecessary legal or operational issues that may arise from failure to understand these requirements.

### This course covers:

- Safeguarding Protected Health Information
- Proper Responses to a HIPAA Inspection
- Privacy and Security Requirements
- Breach Prevention
- Patient's Rights
- Risk Analysis
- Fines
- & more!

## OSHA Compliance and Infection Control Online Training

In States Where Applicable

Assure that you and your practice leadership team fully understand and adhere to regulations put in place by OSHA and review best Infection Control practices to guarantee a safe, hazard-free environment for your staff and patients alike.

### This course covers:

- CDC Guidelines
- Ionizing Radiation
- Proper Ventilation
- Fire & Electrical Safety
- First Aid
- Recordkeeping
- Infection Control Best Practices
- Proper Responses to an OSHA inspection
- & more!
