

Advanced Compliance Solutions for Your Practice!

Unified Smiles and Compliance Training Partners have teamed up to proudly offer you access to advanced support programs in order to provide extended learning

opportunities and vital resources for long-term compliance solutions in your office and ensure that your dental office remains at the forefront of compliance!

HIPAA Compliance Program

Our online HIPAA Compliance Training Program allows you and your entire dental team to fully comply with HIPAA regulations, and prevent costly and embarrassing legal and operational issues that may arise from failure to understand these requirements.

The program includes:

- A physical, comprehensive HIPAA manual & copy of HIPAA regulations
- Customized policy forms
- Reference wall chart and adhesive HIPAA reminder labels
- Full support & assistance with HIPAA inspections
- App to evaluate your level of compliance
- One year of upgrade service
- & More!

OSHA Compliance and Infection Control Program

Our OSHA Compliance and Infection Control Program covers all aspects of the OSHA regulations as well as the CDC Infection Control Guidelines and other important regulatory areas that affect your practice.

This program includes:

- Complete written training manual with required documents
- CDC Infection Control outline
- Exposure Control & Hazard Communication Plans
- Workplace Violence Plan
- Sexual Harassment Policy
- 3 CEUs upon exam competition for three individuals
- GHS Hazardous Material wall chart & required Labor Law poster
- Full support & assistance with OSHA inspections
- One year of upgrade service
- & More!
