

ONLINE COMPLIANCE TRAINING PROGRAMS FOR YOUR OFFICE

OSHA Compliance and Infection Control

This training program includes the Globally Harmonized System for Hazard Communication (GHS), CDC Infection Control Guidelines, the Bloodborne Disease Pathogens Standard and all applicable subparts of the OSHA regulations.

This program is designed to help fulfill OSHA's annual training requirements and allow all trainees to take a post-training online evaluation and print a certificate of completion.

Complete Program includes:

- Certificate of training
- Post training evaluation
- Training log and summary of training topics
- Toll-free telephone & online technical support from our OSHA approved trainers
- Assistance with OSHA inspections
- Detailed OSHA audit checklist
- Detailed audit infection control checklist
- Required/recommended products checklist
