

Choose the Right Compliance Path for Your Practice

Simple. Clear. Covered from Day One.

Every practice needs a compliant foundation—training, documentation, and systems.

With Compliance Training Partners, you have two ways to get there. Either path ensures you meet requirements and stay audit-ready.

How do you want to manage compliance?

Compli® Plus

A Complete, Digital Compliance System

Best for practices that want ongoing, centralized compliance with minimal manual work.

- ✓ Online OSHA, HIPAA & Infection Control training
- ✓ 12 CEs available per person per year
- ✓ Digital dashboard for tracking + reporting
- ✓ Built-in audit tools & checklists
- ✓ Digital compliance manuals included
- ✓ Centralized document & license vault
- ✓ On-demand expert support

Why choose Compli® Plus?

- Everything in one place
- Scales with your team
- Always up to date
- Audit-ready at any time

Outcome: A fully integrated, always-on compliance system.

Ordering Item Number:
Compli - **COMIP**

In-Office Training + Compliance System

Hands-On Training with Your Sales Representative

Best for practices that prefer guided, in-person setup and training.

- ✓ OSHA, HIPAA & Infection Control training delivered in-office
- ✓ Direct interaction with compliance trainer
- ✓ Team engagement in a live setting
- ✓ Initial setup guidance
- ✓ CEs available for all training

Required Add-Ons: Compliance programs through CTP

Why? Training alone is not enough, your practice must maintain:

- Compliance manuals with written policies & protocols
- Documentation & recordkeeping
- Ongoing compliance tracking

Outcome: A well-trained team and an office able to meet all requirements.

Ordering Item Number:
OSHA Compliance Program - **DCPE**
HIPAA Compliance Program - **HIP**

Compliance Training Partners ensures your practice has the training, documentation, and structure needed to meet OSHA, HIPAA, and Infection Control requirements.
